

## CCS/ASRA Miscellaneous FAQs

### 1. How much practice will I get before racing?

**Answer** - Entered racers get "Warm Up" Practice each morning free of charge. There are typically several 15-20 minute sessions on each Racing day broken down into groups by status (Am/Ex) & basic bike size (LW, MW, HW and Unlimited).

CCS-Run Practice Days occur only at selected race weekends and the cost is reasonable. The schedule for these days varies by event, so consult the weekend schedule.

Our Affiliates have varied schedules for practice. For instance, CCS Florida holds a full Practice Day on Saturday with all of the racing on Sunday.
