2018 Sunday Race Grid Format Change

Starting with CMP in April, all CCS Twin Sprint events will grid Sunday's races by the Saturday finishing results. Since the #1 requested change for several years is to have grids based by qualifying, points or heat races, this is our opportunity to test whether the majority of racers really prefer this to our traditional order of entry procedure. We have decided that using Saturday races would satisfy the requirement of separate sessions to maintain the integrity of the machines meeting the class rules. This makes gridding by Saturday finishes in effect heat races for Sunday's races. Good luck and enjoy the format!
