

CCS/ASRA Class & Entry FAQs

1. Why is the at-track schedule different than the one posted on this website?

Answer - All schedules posted on our website are considered "Tentative" and should be used for planning only. The "at track" schedule is the Official Schedule to use.

The Race Director has the option to change the event schedule due to conditions, number of entries or other reasons. Always attend the Riders' Meeting -every day- for updates to all event schedules.

2. How much does it cost to enter races?

Answer - Fees are listed in the instructions for each form and in our mailers. Typically the 1st class you enter is more expensive than additional classes during a weekend event. Please refer to the reverse side of the Pre-Entry form for the most accurate price information. Post Entering a class is usually \$5 more per class than pre-entry.

3. Am I eligible to compete in the ASRA Sprint & Team Challenge classes?

Answer - Yes - IF you have a full ASRA license and your bike meets the proper specifications per our current Competition Rulebook. (See License FAQs for information on upgrading your license.) All ASRA classes can be entered by both Amateurs and Experts - Separate trophies, points & contingencies for each. Each ASRA rider must also have an AMA Membership and present it to registration each weekend.

4. How do entries & fees differ during a Twin Sprints weekend?

Answer - If an event is tagged as a Twin Sprints, every CCS class runs twice (except the GTs & Rookies Cup) during the same weekend. Fees are based upon all of your entries for both days, saving you a tremendous amount of money for camping, motel rooms, gate & entry fees - plus giving you the opportunity to earn more points.

Check the boxes on the Entry Form for Day 1 and Day 2 next to each class you wish to enter. For classes that only run once, check the box for Day 1 only. Your first class of the weekend on your first day of racing will be the higher priced item. Subsequent classes will be reduced in price for both days.

Most Common Mistake: Failure to mark the proper blocks for Race 1 and/or Race 2 on Entry Forms.
(This causes the rider to be entered in the first day of racing only.)

5. What classes does CCS have?

Answer - Refer to our Pre-Entry Form for the list of classes, as well as our current Rulebook.

6. Does CCS offer any refunds?

Answer - Yes. Please read the Road Racing Credit Policy explained on Page 2 of our Request for Refund of Entries Form carefully. The timing of your request will affect the amount you receive. *

Before any action is taken at the main office, the rider (no one else) must fill out, sign and submit a Refund of Entries Form.

Pre-Entry refund requests should be faxed to our office (Fax#: 817-246-2977) by the pre-entry deadline if possible.

For all refunds requested at the track, your Race Entry Receipt (usually the Pink copy) must be attached to the form. Keep in mind that no refunds will be paid for "closed" races when all grid spots have been sold. (Other limitations apply - see the instructions on the form.)

* Some of our Affiliates do not offer refunds.

* No refunds are given for Daytona events.

7. How long does a refund take and how is payment made?

Answer - All refund requests must be processed by the main office. No refunds are paid at the track. If your request is approved, allow approximately 3-4 weeks processing time. It will applied to your credit card or a check will be mailed to you - depending upon how you originally paid. You -can- request that the credit be applied to a future pre-entry if you desire.

8. I have back-to-back races. Can I request a change?

Answer - Talk to the Race Director. Usually your dilemma can be solved by adding a break between your races.
